Hallowe'en Carnival For Daly City Children

DALY CITY WINS FIRST PRIZE IN FIESTA MARCH

Fourteen Inch Cup Awarded Local Entry In Parade At County Show Saturday

With some justifiable pride the Daly City Record announces that the float entry from this city took first prize in the Saturday parade at the San Mateo Floral Fiesta held at Bay Meadows. A fourteen inch gold cup was awarded the local display in the line of march.

The float was a replica of one of the Daly city hills, with an overflowing reservoir mounted on top symbolic of an abundance of pure water. The base of the hill was surrounded by yellow and orange marigolds outlined in green shrubbery.

Little Daly City girls selected from Miss Rose's dancing school to ride on the float as water nymphs were: Bonnie Jean McHugh, Betty Conroy, Frances Hopkins, Yvonne Hume and Mary Lou Montana.

In addition to the float, Daly City was well represented in the parade by local firemen, city officials and public spirited organizations and citizens. For one reason or another many other cities and communities of our county found it inconvenient to participate in the parade.

Careful inspection of the great show at Bay Meadows revealed that the floral portion of the exhibit surpasses anything ever attempted here. Professional floriculturists, as well as amateur exhibitors, transformed the Bay Meadows structure into a glorious indoor garden.

There was an elaborate display of orchids, valued at $25,000. Flowers of all sizes and colors were exhibited, blooms for which San Mateo county is nationally famous.

But the flowers were just one part of the second annual San Mateo County Products and Floral Fiesta. There were dozens of booths loaded with attractive displays of fruits, nuts and vegetables—all San Mateo County products.

Industry, too, played its part in the big show. Some of the nation's leading industrial plants, which thrive here, presented their products with interesting, attractive and educational exhibits.

Prizes Galore, Free Ice Cream And Music For Dancing Will Be Provided By Committee

Two weeks from tomorrow night Daly City children and residents will have an opportunity to participate in one of the biggest civic Hallowe'en celebrations ever held in this section of the country.

Plans for the gala affair, sponsored by the local American Legion Post and the Daly City Merchants Association, are moving rapidly to completion.

At 7 p. m. on Hallowe'en night a parade is scheduled to start at the county line and march to the top of the hill. Children in costume, to whom prizes will be awarded for unique and distinctive attire, will make up the main body of the parade. Bands, drum corps, drill teams and uniformed units will be represented.

Free ice cream will be given to all the kids who enter the parade. For the best costumes, prizes will be awarded at a reviewing stand to be erected at the corner of Mission street and Hillside boulevard. From 9 p. m. until midnight there will be amplified union music for street dancing on the upper block of Hillcrest drive. Tickets for free ice cream will be given out at some point along the line of march.

Confetti, serpentine, masks, noise makers, free ice cream, street dancing, a big parade; loads of good clean lively fun! What a party there will be in Daly City on Hallowe'en night! Everybody is invited and asked to bring their friends.

COUNCIL MAKES APPROPRIATION FOR KIDS PARTY

Pass Resolutions, Hear Reports And Transact Much Routine Business

In respone to a request from Cleo Miller, general chairman of the Hallowe'en carnival to be sponsored October 31 by the local American Legion Post and the Daly City Merchants Association, the Daly City Council appropriated $50 to pay for dance music, ice cream cups and miscellaneous expenses. This action was taken at the regular board meeting Tuesday evening of this week.

The council also passed a motion to cooperate with the American Legion and the Merchants Association by erecting a platform for the carnival, roping off the upper block of Hillcrest drive for street dancing and instructing the police department to escort the parade.

By a unanimous vote, the board passed a resolution allowing the city engineer to use standard specifications of the Division of Highways, Department of Public Works of the State of California, in making his recommendations and reports. Form-

PARK TIDELANDS BILL IS FAVORED

Actuated by the interest of the motoring public in beach protection and devolpment of State Park areas, the board directors of the California State Automobile Association has endorsed Proposition No. 4 on the November election ballot, it is announced by the motorists organization.

Declaring that the measure is "sound and desirable from the viewpoint of developing and protecting popular recreational areas," the announcement continued:

"This proposal prohibits tideland oil drilling but authorizes slantwise drilling from the uplands into oil pools under tidelands. It provides for strict state supervision of such operations. It also prohibits coastal water pollution and interference with beach recreational uses.

"If adopted the measure will enable the state to derive revenue from leasing oil pools under tidelands. Half would go to the state general fund and the other half to maintenance, development and extension of the state park system and state beaches.

Democratic Rally At City Auditorium

The Democrats of Daly City will hold a mass meeting and rally on Wednesday, October 21, at the City Auditorium.

Mr. B. J. Adams, member of the Democratic County Central Committee, will officiate as chairman.

The principal speakers will be Congressman John J. McGrath and Aaron Ward of Burlingame.

A musical entertainment will precede the speaking.

The public is cordially invited to attend. The meeting will begin at 8 o'clock sharp.

Daly City Democrats have opened a headquarters at 6283 Mission street. Democratic literature, buttons and supplies of all kinds are available at this address.

San Bruno Pastor Will Preach Here

Grace Presbyterian Church will have a special pulpit guest, Sunday evening at 7:45, when Rev. Harry D. Harkins, pastor of the Community Church of San Bruno, will be the speaker. His subject will be "Christian Resources."

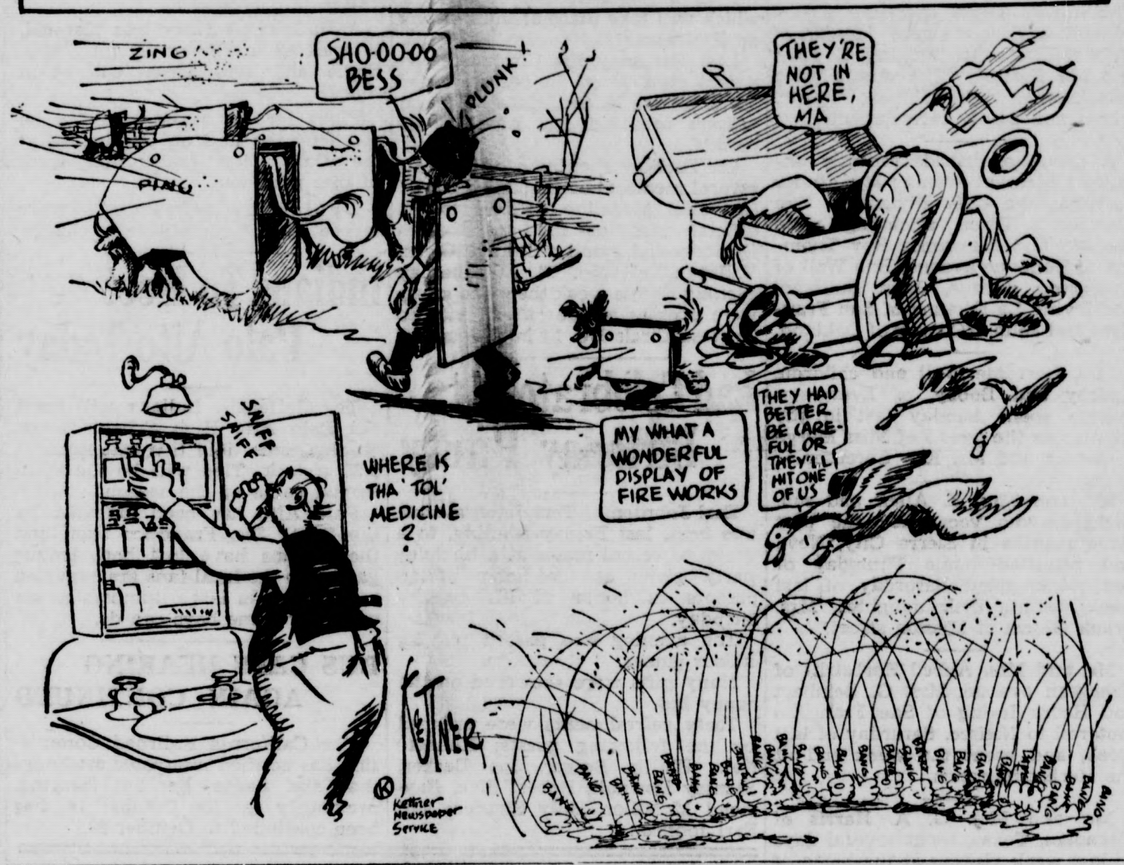
In the morning service Rev. John R. Stevenson will speak on "Three Views of Christ."

MAKE SURE OF A THANKSGIVING TURKEY DINNER ON TIME

The regular monthly whist for the benefit of Our Lady of Perpetual Help Church will be held today, Friday, October 16, in Daly City Auditorium, at 8:30 p. m. sharp.

Mrs. Roberson and her committee are working hard to provide nice prizes and a pleasant evening for everyone who attends.

The Hunting Is On



BAY BRIDGE CELEBRATION TICKETS IN GREAT DEMAND BY MANY AS ARRANGEMENTS NEAR COMPLETION

Grand Stand Reservations In Steady Sale As Citizens Rush To Secure Places

Grand stand seats for the San Francisco-Oakland Bay Bridge opening celebration November 12, 13 and 14, are now on sale at the Manx Hotel, it is announced today by the bridge celebration committee, of which Franck R. Havenner is chairman.

Each ticket entitles the holder to view the two great events of the three-day fiesta, the afternoon parade, of Friday, November 13 and the night parade of Saturday, November 14.

The stands, now being erected at the Civic Center, will accommodate 40,000 spectators.

Railroads, bus lines and airplane companies are preparing accommodations to handle a multitude of visitors to be in attendance at the celebration.

It is predicted by the committee that more than 300,000 people from out of town will be here for the fiesta. Already large numbers of reservations at San Francisco hotels are reported, with the list increasing every day.

Souvenir Coins

Orders by the thousands are being received by all San Francisco bay district banks and by celebration committee headquarters for the official 50 cent souvenir celebration coins, and they come from all parts of the country and foreign lands.

MAJORITY OF RACING EVENTS MUST BE OPEN

By J. W. MARCHBANK

Monopoly is an ugly thing wherever found. There should be no exclusive preserves either in business or sport. Shutting broad-minded men out of worthwhile enterprises just because they do not "belong" is a relic of the Dark Ages.

Thinking along that line has convinced me races should be open to the whole world. Analagous to the so-called protection of infant industries is that of encouragement of breeding by putting on contests restricted to foals of a certain section, say, the state of California.

I have one stakes at Tanforan in which two year old "native daughters" alone can start. Frankly, I must say I did not institute even that one. I was asked to establish it by well-intentioned persons and acceded to the request. As to overnights, I am compelled to offer at least one California-bred event each racing day.

Encouragement of breeding is a fine thing, as is help to infant industries. But there comes a day when either of the two things goes too far. Too many California-bred races crowd out good horses foaled in one of the other 47 states and makes the sport decidedly provincial. Overdoing of the infant industries protection may result in giant trusts that take over the control of the national government.

How did England become a great racing country? By inviting the whole world to send horses to compete in her races. True enough, at one time some of the stakes were restricted to horses owned by members of The Jockey Club and of Brooke's and White's, simply because royalty and nobility did not want to meet socially any of the hoi polloi, but the folly of the thing was manifest and the ban lifted. Sometimes I think France has been held back by the plentitude of events for French-breds.

My idea is we should breed horses good enough to meet the best reared in Kentucky, Maryland, Virginia, Australia, England, or any other place. It is some accomplishment to have a colt of sufficient class to beat your neighbor's colt, but it is a much more thriling one to own one fast and game enough to lead a "foreigner" to the imaginary wire.

PLAN MOVE OF COUNTY SEAT

Board Okehs Move To Investigate Change In Court House Location

The proposal to transfer the court house and county seat from Redwood City to San Mateo received recognition at the Board of Supervisors meeting on Tuesday of this week.

Acting on the petition of the East San Mateo Improvement Club, Supervisor Al Witt introduced a motion authorizing the board chairman, Manuel Francis ,to appoint a committee to study the proposed change

A unanimous vote was recorded. Francis said that the personnel of the committee would be announced within the next two weeks.

Late For Election

Assistant District Attorney Daniel Sullivan informed the board that it is too late to place this proposal on the November ballot. Unless the board calls a special election, a vote on the plan will not be possible for three years.

The improvement club's petition to the board declared that Redwood City is not centrally located and further stated that there has been "sufficient evidence shown that the majority of cities will never favor a bond issue to enlarge the court house."

SOCIAL SECURITY PROGRAM AID TO MANY THOUSAND

California Citizens Are Now Participating In Every Feature Of Act

Approximately 77,600 needy men, women and children, and 1,587,400 industrial and commercial workers in California are now covered by the public assistance and unemployment compensation provisions of the Social Security Act. These figures were announced by Donald Renshaw, state director for the National Emergency Council for California, and are based upon a report of the Social Security Board, summarizing the progress made under the act in the eight months since it became operative.

California is now participating in every feature of the Social Security Act administered by the Social Security Board. It has set up an unemployment compensation system which will protect 1,587,400 workers against loss of income during temporary periods of unemployment. The Social Security Board pays the costs of administering this system.

The state has established public assistance plans for aid to the needy aged, the needy blind, and dependent children, which, with federal aid, provide a regular income to individuals unable to provide for themselves. In September an esti-

BETTER FIELDS DEVELOPED FOR TANFORAN RACES

New Equine Stars Arriving Each Day To Fill Programs For Coming Events

Off to a brilliant start—racing at Tanforan begins to gain momentum as better fields are brought out in the daily programs and eastern stars make their bow to local racegoers. The sport will be featured Saturday by the running of the $2,000 added A. B. Spreckels Handicap—blue ribbon event of the fall season for 2 year olds at six furlongs. This attracts the finest juvenile field in recent years and is certain to insure a record-breaking crowd.

The percentages of winning favorites has been unusually high during the first few days of racing—a time when "form" horses are often beaten because the horses are coming together for the first time after racing on widely separated racing fronts.

Tanforan has an excellent array of riding talent this season and the booting colony does not number many inexperienced boys. The riding has been exceptionally clean and no suspensions have been meted out so far by the stewards.

Eastern trainers—here for the first time—have been impressed by the racing strip, which has an excellent cushion and at the same time is uniform. Safety, rather than speed, has been stressed, with the result that horses come back sound and not nodding or limping as is often the case on hard tracks.

SOLICIT BIDS FOR JEFFERSON HI GYMNASIUM

Deadline For Submission Is October 31—Work To Start On Project Not Later Than November 15

In today's issue of the Daly City Record appears the notice to contractors inviting bids for the erection of the gymnasium and swimming pool building for the Jefferson Union High School. The bids are to be opened at 8 o'clock, on the evening of October 31, in the office of the high school.

Under the terms of the allotment made by the Public Works Administration of the United States, the work must be started not later than November 15.

The preparation of plans and specifications along with numerous documents outlining details of operation in accordance with government requirements has necessitated a tremendous amount of detail work, both by the architects and the high school trustees.

The plans and specifications had to be submitted to the State Department of Architecture at Sacramento before they could be presented to the state director of Public Works Administration for his approval. This required several weeks for examination and checking by the state authorities in Sacramento.

At the regular meeting of the High School Board of Trustees on Tuesday evening of this week, the architects presented three final plans and specifications, which were adopted by the board. A resolution was passed instructing the clerk to advertise for bids.

COUNCIL MAKES APPROPRIATION FOR KIDS PARTY

Pass Resolutions, Hear Reports And Transact Much Routine Business

(Continued from page 1)

erly he was required to write out in detail all specifications. This resolution will simplify the engineer's clerical work, it was stated.

Councilman Sunderman introduced a suggestion that the council request the San Francisco Water Department to install a fire hydrant at Shakespeare and Rhine streets. Fire protection at this area, through which the county line runs, is not adequate. A motion was passed instructing the city clerk to write a letter to the San Francisco department asking cooperation.

For cooperation in making Daly City's entry in the San Mateo County Floral Fiesta a success—the parade float took first prize—A. J. Bodien thanked the city council and local residents who assisted with the work. B. G. Kost also congratulated Daly City interests. A fourteen inch gold cup was awarded Daly City for its entry in the parade.

A motion was passed authorizing the city planning committee to arrange to have the Fiesta cup exhibited in some public place. The water offices in the city hall were suggested as a possible exhibition spot.

Arrangements to grant a request submitted last month by the Ocean Avenue Garage to operate a tow car service in Daly City are being made, reported the city attorney.

A request from C. Petigrew to paint "no parking" at entrance of his garage on Hillcrest drive was submitted. The sidewalks on Knowles avenue below Mission street also are in need of repairs. it was said. These matters were referred to the street committee.

Mrs. J. McKeon of 973 Hanover street entered a complaint about the steady increase of the amounts of her water bills without an increase in consumption. The complaint was referred to the water committee for investigation.

In reference to a purchasing and budgeting system for Daly City, City Manager H. R. Thompson of Berkeley sent a communication thanking local officers for their interest and cooperation. The letter was filed.

A communication from the State Compensation Insurance Fund in regard to their bill submitted on August 26 was read and ordered laid over until further investigation could be made concerning the bill.

Permission was granted the Community Welfare Association to hang a picture of President Roosevelt on the council chamber walls in the city hall.

Reports on gas consumption by city cars and traffic fines were read and filed.

Vista Grande-Woodrow Wilson Parent Teachers Association was granted permission to use the auditorium of the city hall for a turkey whist on November 20, providing the date did not conflict with former requests.

A. J. Bodien submitted a report of his participation and in regard to the Daly City exhibit at the recent convention of the Caliofrnia League of Municipalities held at Santa Monica.

H. W. A. Rickmann addressed a communication to the council asking the appointment of six fire commissioners. The request was ruled out of order and was ordered returned to Rickmann with instructions to take up his request with the Board of Fire Commissioners.

A motion gave the fire committee full power to act in regard to an urgent request from Fire Company No. Five to repair the roof and windows of their fire house.

The State of California Veterans Welfare Board submitted a petition ot cancel certain taxes now appearing on the tax records as a lien against property owned by that board in Daly City. The petition was referred to the city attorney for investigation.

To conserve California wild life the Fish and Game Development Association is supporting a move to stop the operation of floating sardine ships off the California coast. By a motion the council indorsed the move.

A communication from the Local Option League of California regarding Amendment No. 9 on the November ballot was filed.

The Democratic County Committee was granted permission to hold mass meetings in the City Hall on October 21 and October 29.

Mayor Paul Selmi, all councilmen and city officers were present at the board meeting.

Grace Moore Is For Roosevelt

Grace Moore, star of the Metropolitan Opera and the screen, will support President Roosevelt and has accepted chairmanship of a national music committee for his re-election.

Miss Moore wired to Democratic National Committee headquarters in New York from the Hollywood studio where she is working:

"The progress of a great people is through the spiritual even more than the material, and we need a President who stands for this. To stimulate the dreams and ambitions of the young and struggling artists makes for the greatness of any nation, and President Roosevelt with his great love and respect of music and all arts will help our young aspirants realize their ambitions."

Hallowe'en Party

Mrs. Charlotte Ford of San Diego avenue, chairman of the Hallowe'en party to be held Thursday evening, October 22, by members of Court St. Marys, C. D. A., is making preparations for a large attendance and assures all a good time. It's to be a costume party and Mrs. Baumsteiger, chairman of the refreshments, is planning a dainty supper to be held after the entertainment features.

SEATS OF BRIDGE CELEBRATION IN GREAT DEMAND

Grand Stand Reservations In Steady Sale As Citizens Rush To Secure Places

(Continued from page 1)

An issue of 100,000 of the coins is being turned out by the United States mint, to be ready for distribution early in November.

Gates Open November 12

The formal and official opening of the bridge will take place on Thursday morning, November 12, at 10 o'clock, when Governor Merriam will cut the chain at the Oakland end, after which the official party will drive to the San Francisco terminal for a similar ceremony. At 11 o'clock, according to present schedule, the gates at both ends will be thrown open to vehicular traffic. No pedestrians will be permitted to cross the bridge.

Great Day Parade

In a vertiable procession of color and beauty, 60 large floats will move in the great day parade of Friday afternoon, November 14, starting from the Ferry Building at 2 o'clock, and the three sections will illustrate the past, present and future of the San Francisco Bay area. Amid the flowers will appear the prettiest of California girls, and each float, preceded by musicians in vari-colored smocks, will portray a chapter of the history of this region or an imaginative situation of the future. It is predicted that at last 30 California counties will be represented by floats in this parade.

Fireworks Spectacles

The fiesta throughout will be featured by elaborate and spectacular sky, street and bridge illumination of rainbow colors, shafts of light, the booming of guns and the flights of rockets.

On the official opening day, Thursday, November 12, sirens of bay craft, guns, whistles and aerial bombs will announce the cutting of the tape and the moving of traffic on the bridge, and a night display will light the heavens. On Friday night another fireworks show is scheduled, and the scene will be the Marina where both ground and aerial demonstrations will be given. Saturday night the illuminated parade will present new and startling efects to all beholders.

An artifical rainbow will span the bridge each night of the fiesta.

Street decorations in San Francisco are to be in keeping with the general color scheme of the fiesta. Market street will be so decorated as to produce the illusion that it is a part of the Bay Bridge, by the use of thousands of yards of painted canvas, by the erection of pylons to enclose the street light standards and by fanciful replicas of the great bridges of the world. Market street will be a splash of color by day and a dream of lights at night.

Hotels and night clubs are arranging specail programs for the entertainment of guests.

Cypress Circle Holds Official Visit

A large number of local members and visiting members were present, Wednesday evening of this week, at the official visit of Cypress Circle No. 14, U. A. O. D. The grand arch druidess and her grand officers were special guests.

Talks by each of the officers and a splendid performance of the drill team were enjoyed by all those present, and two new candidates were initiated. Officers for the ensuing term were nominated.

At the close of the evening, refreshments consisting of sandwiches, coffee and cake were enjoyed.

New Arrival

Mr. and Mrs. Ray Malloy, who have been making their home with Mr. Malloy's uncle and aunt, Mr. and Mrs. Leslie Hill of Vista Grande avenue, are being congratulated on the arrival of a daughter, born Wednesday night of last week at University of California Hospital in San Francisco.

The little Miss, who tipped the scales at seven and a half pounds, has been named Marie Nathlie.

DEMOCRATS

The future of our party is at stake. President Roosevelt has wrecked the finest platform ever drawn up by the Democratic Party [illegible] forgotten its name. He and his advisers boast they are "New Dealers," not Democrats. Roosevelt has abandoned you and your party as lightly as he would like to abandon the Constitution which he swore to revere and uphold. For your party's sake you should

VOTE

to repudiate the wreckers of Democratic principles of government. Wreckers who take their advice from pink-tinged Tugwells, Frankfurters, Dubinskys and Hillmans. Wreckers who advise the President who recently wrote urging a Congressional committee to ignore the Constitution. Wreckers who are taking your money and throwing it recklessly around. Wreckers who, ignoring the platform Roosevelt said he would support 100%

FOR

the doctrines of Stalin which they have embraced, have long delayed recovery in this country. Yet from March 4, 1933, to June 30, 1936, the fabulous sum of $25,000,000,000 has been squandered while eleven million are still unemployed. Hundreds of the foremost leaders of the Democratic Party have "taken a walk" in protest. They believe their action shows loyalty to the Democratic Party rather than disloyalty, since they will be voting November 3 for

AMERICA

and its age-enduring institutions and liberty. The Democratic Party will be a thing of the past if Roosevelt and his "New Dealers" are re-elected. You cannot continue to spend $2 for every $1 you take in without soon facing disaster. The future of the Democratic Party may be preserved and rescued from the wreckage only by repudiating those who have repudiated you. Party loyalty demands you defeat the un-American profligates in Washington by voting for Landon and Knox and candidates for Congress who will support these nominees.

"JEFFERSONIAN" BACKSLIDERS

Almost every day one can read in the newspapers supporting Landon for the presidency that this or that "Jeffersonian" Democrat has "taken a walk" out of the Democratic party.

By far the large majority (one might almost say all) of these backsliders are men of wealth or the wives of wealthy men of affairs.

Those persons who have amassed wealth (mostly by the efforts and labor of underpaid workers) prate stridently and with loud voice about the large "public debt," the great government expenditures and other irrelevant matters.

The latest of these lordly "objectors" to come into the limelight is a Burlingame resident who, in a reecnt speech shouted in a loud voice "Every real (or did he mean "reel") Democrat should vote for Alonzo Baker and the Landon-Knox ticket." And this gentleman has the effrontery to call himself a Democrat! Such a mis-statement probably will call forth loud guffaws from intelligent people.

The principal objection of this class of people to the administration of President Roosevelt seems to be engendered by the fact that he has done something to releive the distress of the common people and make life worth while for them.

That, of course, is contrary to the principle of those (or the large number at least) who possess wealth, their only shibboleth being "keep what you have and get all you can," and let those who strive and work pick up the crumbs that fall from the tables of the plutocrats.

President Roosevelt has served humanity in a manner which should merit the commendation of all who believe in the Biblical injunction to "love thy neighbor as thyself."

Boiling Point

At high altitudes during warm weather, motorists should watch the engine heat indicator and make allowance for the fact that the boiling point of water in radiators will level increases.

The difference is due to lower atmospheric pressure at higher altitudes. At sea level the boiling point is 212 degrees Fahrenheit. At an elevation of 14,000 feet, such as the summit of Pike's Peak, the boiling point is 185 degrees.

FOR WHAT REASON?

Up pops Dr. Townsend with a statement to his followers, which he evidently expects them to swallow "hook, line and sinker." He urges the defeat of President Roosevelt because the executive did not swing the "big stick" on Congress when some of its members became curious to learn what became of the millions of dollars contributed as dues to the Townsend Plan headquarters by large numbers of poor persons in small sums, in the hope that they might benefit from the inauguration of the highly rated Townsend Plan.

The good doctor rants loudly as follows: "I strongly urge that in those states where Mr. Lemke is not on the ballot, every one who desires to see the National Recovery Plan bearing my name enacted into a law during the next administration will vote for Mr. Landon."

The self styled inventor of the pension plan gives no cogent reason for this urging, however. He wants to sweep the Republican candidate into office so that, as he says, distress may be alleviated among the poor and aged.

It stretches the imagination somewhat to arrive at the conclusion that the Republican party has ever been famous for their efforts in behalf of the little fellow.

Or maybe the fact is that our dear leader of the downtrodden and oppressed would like to see re-enacted that picture of 1931, when our street corners were crowded with men and women displaying a sign: "Unemployed; buy an apple; 5c."

New Preventives For Overcharging

Most long distance tourists these days are resorting to the long established expedient of burning the headlights to prevent overcharging the battery.

With a radio set in the car, it is rather a superfluous gesture.

And, even without a receiver to consume current, a better way to prevent overcharging is to have the generator rate reduced before starting on the journey.

Using Car In Front

The glass window in the back of the car ahead can be quite useful. Through it a lot of dangers can be seen in advance, much to the advantage of the man who is in the rear.

Where cars are being driven in such a way that the road cannot be seen by looking around the car ahead, it is best to drive just far enough behind to look through its windows. When a quick stop is necessary the halting of the car ahead will not be unexpected, nor so dangerous.

EXPERIENCED HOUSEWIFE CLUB

(By Maude Larue Ives)

"Every day we're learning more
Your patience husbands we implore."

Miss N. S. F. Rickmann, 421 San Diego avenue, has learned no doubt that the royal road to happiness is reached by being a good cook. When anyone is eating good food he or she is always happy, and when we gladden someone else, we invariably make ourselves feel the same way. Her recipe follows:

SOUR MILK COOKIES

Two cups brown sugar, one cup shortening, two eggs, one cup sour milk, one-half teaspoon salt, one-half teaspoon nutmeg, one teaspoon soda, four teaspoons baking powder, four cups flour, one cup raisins, one cup nut meats. Blend sugar, shortening and well beaten eggs. Sift dry ingredients, add alternately with the sour milk in which the one teaspoon of soda has been dissolved. Drop from a teaspoon onto baking sheet or pan. Bake in a moderate oven (375 degrees F.) fifteen minutes.

CHOCOLATE FUDGE

(From the Farmer's Wife)

Three cups sugar, six tablespoons of cocoa, one and one-half cups rich milk, two tablespoons corn syrup, two tablespoons of butter, one tablespoon vanilla. Mix sugar, cocoa, milk and corn syrup. Cook without stirring over a low fire until mixture forms a soft ball in cold water. Remove from fire and add butter. Cool slightly by placing pan in a vessel of cold water. Add vanilla and beat until creamy in consistency. Pour on buttered plate and let cool. Cut in squares. This recipe makes a delicious candy which will not sugar or get hard and stale. If desired, chopped nut meats may be added.

HOUSEHOLD SUGGESTIONS

To cleanse a frying pan which smells of onions or fish, fill the pan with water and when it boils drop in a red hot cinder. Afterward rinse and wash in the usual way.

Housewives are the busiest people in the world, next to printers; small wonder they find little time to write down recipes for the club. Just to make it easier to contribute to this column, phone the Daly City Record, RAndolph 3215, and ask to have someone call for your recipe. Many thanks, girls, for your help in building up this column. The Farmer's Wife urges that you continue the good work.

Erosion

Here is a sloping cellar door. Take a watering can and sprinkle a quart of water on the top of the door. Measure the amount which slides off. Except for a little exaporation, the whole quart will be at the bottom, and it gets there almost instantly. Now tack a piece of thick carpet on the door; to cement it on would be still better. Fill the can and pour a quart of water on the top of the carpet. Your measuring through at the bottom will be lucky if it receives the merest trickle to begin with. Observe that the trickle continues to come for a long time, as the water slowly infiltrates through the mat.

This is the story of erosion in its simplest form. The cellar door is any land with a slope; the canful of water is rainfall; the bare boards are bare fields, or fields cultivated between the crop rows with the rows running parallel to the slope; the carpet is natural cover, either grass or forest.—Stuart Chase, in Atlantic Monthly.

For HOMEY COMFORT NOTHING EQUALS GAS HEATING

Living costs in the winter months are higher than any season of the year. More lighting is needed. More meals are eaten at home. More heat is required. This is the peak season for low temperatures and high household costs.

Fortunately, since Gas heating has become so universally popular, one item of winter expense has been cut down. With Gas heating the ease of temperature control keeps rooms from getting too warm, prevents fuel waste and saves you money. Then too, even, uniform gas heat promotes health, reduces the hazards of winter colds.

Does your home have this economical winter health protection? You can afford it. Do not be misled. Get the facts about low cost gas heating for your home today. Get your home ready for winter now. Install Modern, carefree and economical Gas Heating.

Have you seen **THE SMARTLY MODERN GAS CIRCULATING HEATERS?**

Gas Circulating Heaters will establish style leadership in 1937. In modern design as pictured below the Gas Circulator comes in a wide range of colors, set off with smart chromium trim. SERVICE COUNTS WITH PRESIDENT ROOSEVELT

By J. W. MARCHBANK
Pioneer in Frontier Mining Work

Some visionless individuals do not believe in service. Their utter selfishness leads them to join a faction—social, business, or political, or all three at the one time—and close their eyes to the accomplishments of anyone outside their own crowd. Such a consideration as the public welfare never enters into their self-seeking plan of life.

No wonder the broadminded President of our country, Franklin D. Roosevelt, came out unreservedly the other night in a speech at Omaha for United States Senator George W. Norris of Nebraska, a Republican running as an independent candidate for the Senate this year. The President truthfully described Senator Norris as a great American who should be helped to continue an historic career of service.

In a remarkable speech in which the chief executive of the nation came out strongly for good government, clean government, representative government, he digressed to pay a tribute to Senator Norris. Some of the President's words are well worth quoting:

"Outside of my own state of New York, I have consistently refrained from taking part in election in any other state. But Senator Norris' name has been entered as a candidate for Senator from Nebraska. And to my rule of non-participation in state elections I have made—and so long as he lives I always will make—one magnificently justified exception.

"He is one of the major prophets of America. Nebraska will be doing a great service, not only to itself but to every other state in the Union and to the nation as a whole, if it places this great American above partisanship and keeps him in the Senate of the United States."

* * *

A pretty fair idea of the difference in mental texture of President Roosevelt and the Republican candidate for the presidency is given in Harold J. Laski's recently published book, "The Rise of Liberalism."

Professor Laski has an extremely keen mind and any analysis he makes is worth notice. As he says, liberalism started out as a fight for freedom and tolerance and expansion of the human mind. But, as always happens with doctrine, the men who stood to profit from the triumph of liberalism identified its lofty claims with their own class interests.

Through gradual changes in society a new revolutionary capitalist class came into power in a number of countries, but they saw that the liberties they had wrested from despotic monarchs and feudal nobility might be taken away from them by the masses of people. Liberalism became a code for keeping the oppressed in their places instead of freeing them, which apparently was its original object.

Professor Laski points out liberalism in America has split into four distinct tendencies. The first division represents the atrophied liberalism of the past, defending the present class alignment. In that group is placed the Republican candidate for the presidency, Alf M. Landon; Nicholas Murray Butler, and others not as well known. In the second division come men like Senator W. E. Borah of Idaho, Louis Brandeis of the United States Supreme Court and others. They care passionately, as a reviewer of the Laski book points out, for human rights but distrust governmental activity; in the third division are placed President Roosevelt and his advisers, who also are fighting for human rights and advocate the social-service state in order to protect them.

In the fourth division of the liberals we find the liberalism of the progressive labor movement, which aims at the conversion of the old doctrine of the enlightened few into the doctrine of the informed and creative mass.

UNFAIR ADVANTAGE IN MOTOR FUEL TAX IS HIT BY OFFICIALS

Demand Equitable Tax For All Classes Of Vehicles On Highways

Limiting the freedom of the Legislature at its coming session in imposing a proper fuel tax on Diesel trucks is contrary to a policy advocated by the American Association of Highway Officials, it was declared this week in a statement by the California State Automobile Association opposing Proposition No. 10 on the November ballot.

Resolutions adopted by the highway officials urged elimination of tax advantages which enable one group of motor vehicle operators to pay less than a fair share toward the cost of highways, the statement pointed out.

Among the reasons cited by the automobile association for its opposition to the proposed constitutional amendment is a provision which would limit the Legislature in working out a Diesel fuel tax at its coming session. The provision would prevent the levying of any Diesel tax greater than the existing per gallon tax on gasoline.

Supporting its stand that this limitation would assure an unfair advantage for Diesel-operated trucks because of the greater mileage obtained, the automobile association quoted from the highway officials' resolutions as follows:

"During the past four years there have been developed motor fuels other than gasoline for use in motor vehicles on the public highways.

"These recently developed motor vehicle fuels are being used in such amounts as to lessen service fees formerly derived by the states.

classes of motor vehicles to an extent that they are not paying their proportionate share of the cost of construction and maintenance of highways.

"The American Association of State Highway Officials urgently requests that the respective state Legislatures take such action as will properly and equitably tax all motor vehicle fuels."

10,000 Pedestrians And Autos Collide

Nearly 10,000 collisions involving pedestrians and motor vehicles took place in 1935, according to figures just released by Ray Ingels, director of the State Department of Motor Vehicles.

A large number of these occurred at intersections, Ingels said, and pointed out that carelessness of pedestrians in crossing intersections was largely responsible.

"Whether we drive or not we are all pedestrians at times," the director pointed out, "and it is up to us to be careful at all times, but especially now, as we are entering the fall season when our records show that those on foot and those who drive are more prone to get into smash-ups than at any other season. For the past seven years," he continued, "December has shown a higher rate of automobile-pedestrian accidents than any other month.

Ingels said that out of 9,947 accidents of this type, 4,250 occurred at intersections, while 2,424 took place between intersections.

"The law provides," he said, "that persons using the highway should walk along the left hand edge, so as to face on-coming traffic. A long period of time has demonstrated the value of this regulation, but failure of pedestrians to observe this rule accounted for 526 accidents."

One of the main factors in pedestrian fatalities he attributes to walking out from behind parked cars; this caused 444 accidents. Getting off street cars caused 354; children playing in the streets, 265; parking on the roadway to repair cars, 152, and 90 persons were struck while standing in safety zones.

"If greater care were exercised, both by the motorists and by the pedestrian, a large number of these accidents could have been avoided," he declared.

"Walk on the left hand side of the road when on the highway, look before you step off the curb, watch out before you step from a street car, and the fact that the fall season, and especially December, for seven years, has been shown to be an open season for pedestrians, need not bother you," he advises pedestrians.

Thousands In San Mateo Co. Loans

In San Mateo County, 45 loans were closed in the amount of $243,900 by the Federal Land Bank and the Land Bank Commissioner, from May 1, 1933, through June 30, 1936, according to information received by Donald Renshaw, state director for California of the National Emergency Council.

Of the loans closed in San Mateo County, 23 for $184,100 were made by the Federal Land Bank and 22, totaling $59,800, by the Land Bank Commissioner.

Through the agency of the Farm Credit Administration in California, $170,182,905 has been loaned during the same period. These loans included 11,869 made by the Federal Land Bank, totaling $76,539,700. The Land Bank Commissioner closed 20,370 loans for the total amount of $54,047,750. Production credit associations received 12,585 loans, representing $38,962,756. Emergency crop loans numbering 2,374 were made, totaling $391,650, while 1,251 drought relief loans amounted to $241,049.

In addition to refinancing loans through the Farm Credit Administration, the farmers in California were benefited by a reduction in mortgage principal which amounted to $7,746,100. Further savings resulting from lowered interest rates are estimated at $2,612,000 annually.

Lesson Sermon Of Christian Science

"Doctrine of Atonement" will be the subject of the Lesson-Sermon Sunday, October 18, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Golden Text will be: "Christ is not entered into the holy places made with hands, which are the figures of the true; but into heaven itself, now to apear in the presence of God for us" (Heb. 9:24). Other Bible citations will include: "Therefore being justified by faith, we have peace with God through our Lord Jesus Christ: . . . And not only so, but we glory in tribulations also: knowing that tribulation worketh patience; and patience, experience; and experience, hope: And hope maketh not ashamed; because the love of God is shed abroad in our hearts by the Holy Ghost which is given unto us" (Romans 5: 1, 3-5).

The Lesson-Sermon will also include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy "The atonement is a hard problem in theology, but its scientific explanation is, that suffering is an error of sinful sense which Truth destroys, and that eventually both sin and suffering will fall at the feet of everlasting Love" (p. 23).

VOTERS:
You Can and Should Kill This Tax

Defeated once, the old Sales Tax on Food is back again in disguise... along with *added taxes* on other necessities of life

On your November ballot, it masquerades as a "Retail Store License"—Proposition #22.

But brought down to cases, it is a hidden sales tax on food and other necessities. A tax for the consumer to pay in *higher prices.*

It charges individual stores $1.00 a year for the right to do business. It taxes chain stores $500.00 for each store over nine. *But it is you who will really pay.*

For, as the U.S. Federal Trade Commission states...

"If the ability to undersell, based on greater efficiency or on elimination of credit and delivery cost, is destroyed by taxation, it is the consuming public which will really pay the tax and not the chain."

Why? Because four out of five chain stores do not make enough profit to cover the tax.

For chain stores operate on a small profit. They eliminate middlemen's profits and unnecessary in-between expenses. The savings they make by operating efficiently are passed on to you in prices 10% below the average. The Harvard (University) School of Business Research states these to be the facts.

Thus chain stores must raise their prices or go out of business. If they raise prices, you will pay the tax.

If they go out of business, their competitors can raise prices even more—and you will pay.

Further, this tax is admittedly *not for revenue purposes.* It is a subsidy for wasteful business methods—at your expense.

So if you think that chain store competition helps to keep *all* prices in line with your pocketbook—if you are opposed to higher taxes on foods and other necessities—*vote NO and keep prices low.*

For no matter what name they give it ...no matter how cleverly they disguise it...*22 is a tax on you—VOTE NO!*

22 IS A TAX ON YOU—VOTE NO!

All overtime shall be straight time except overtime for Sundays and Holidays, which shall include only, New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, Christmas Day, and Admission Day, on which days payment will be made at double the prevailing rates, excepting Truck Drivers at time and one half.

Holidays falling on Sunday shall be observed the following Monday.

The foregoing schedule of per diem wages is based upon a working day of 8 hours excepting as otherwise noted. The hourly wage rate prescribed hereinabove is the per diem rate divided by the aforementioned number of hours constituting a working day.

It shall be mandatory upon the contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the said specified rates to all laborers, workmen and mechanics employed by them in the execution of the contract.

Notice is also hereby given that all bidders must submit with their bids, a sworn statement of their financial responsibility, technical ability and experience.

Each bid shall be made out on a form to be obtained at the office of the Jefferson Union High School; must be accompanied by a certified or cashier's check or bid bond for 5% of the amount of the bid made payable to the order of the Clerk of the Board of the Jefferson Union High School, Daly City, California; shall be sealed and filed with the said Clerk of the Board, on or before October 31, 1936, at 8 o'clock p. m. and will be opened and publicly read aloud at or about 8 o'clock p. m. of that day in said office.

The above mentioned check or bond shall be given as a guarantee that the bidder will enter into contract if awarded the work, and will be declared forfeited if the successful bidder refuses to enter into said contract after being requested so to do by the Board of Trustees for said Jefferson Union High School District.

The successful bidder will be required to furnish a labor and material bond in an amount equal to 50% of the contract price, and a faithful performance bond in an amount equal to 100% of the contract price, said bonds to be secured from a surety company satisfactory to the Federal Emergency Administration of Public Works and to the said Board of Trustees. A list of such surety companies is on file with the Clerk of said Board, also with Resing & M'Guinness, 488 Pine Street, San Francisco.

The Board of Trustees for said Jefferson Union High School District reserves the right to reject any or all bids and/or waive any informality or irregularity in a bid.

Unless otherwise required by law, no bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

Dated: Daly City, California, October 13, 1936.

STOCKMEN ARE PROPOSING NEW RANGE PLANS

General features of the range-improvement program for the western range states recently announced by Secretary Wallace under which stockmen may earn payments for range-building practices performed during the calendar year 1936 are based upon recommendations made by stockmen of California and other western states at state and regional meetings held last month, according to a statement by the AAA regional office at Berkeley.

Participation in the program is on a wholly voluntary basis and is open to all stockmen on privately-owned or privately-controlled range land. Payments will be limited by the grazing capacity of the ranch.

The program is to be carried out by the Agricultural Adjustment Administrations under provisions of the Soil Conservation and Domestic Allotment Act and is part of the 1936 Agricultural Conservation Program. It will apply to the thirteen states of the western region of the AAA: Arizona, California, Colorado, Idaho, Kansas, Montana, Nevada, New Mexico, North Dakota, Oregon, Utah, Washington and Wyoming.

"The range-improvement program is not a cattle or sheep reduction program," said George E. Farrell, director of the AAA western region. "It is simply a program whereby range stockmen may take steps to conserve privately-owned or privately-controlled range land through adopting certain simple, proved range-building practices. The main purpose of the program is to check the depletion of the range in order that the west may continue to produce livestock profitably. Payments which range stockmen may earn this year have no connection with the number of head grazed on the land. The program is strictly on the basis of the practices perfromed."

Practices which will be considered for payment must be approved by the county committees as those that will conserve the range. Among such practices will be contouring, development of springs and seeps, building of earthen pits and reservoirs for the holding of rainfall, drilling or digging of wells, water spreading to prevent soil washing, the reseeding of depleted land with crested wheat grass, rodent control, establishment of fire guards and destruction of sagebrush.

Not all the practices listed will be applicable to all ranches, but only those considered feasible from a conservation standpoint as certified by the committees in each county.

The lateness of the season may limit the number of practices which stockmen may put into effect this year. However, it is expected that the present program will offer California and other western stockmen a substantial opportunity to begin range improvement on their individual holdings, and that the work done in connection with this year's program will provide a foundation for a broader range-improvement program in 1937, if such a program is desired.

TWENTY-SIXTH DISTRICT MEET AT DALY CITY

Our Local Unit of American Auxiliary First to Reach Membership Quota

At the regular monthly meeting of District 26, American Legion Auxiliary, held recently in Daly City Legion Hall, Mrs. Alice Riley of Daly City Unit was presented with a gift by Mrs. Mary Barton, district membership chairman, for being the first unit membership chairman in the district to obtain her quota by October 1.

Menlo Park Unit was also presented with a copy of the National History of the American Legion Auxiliary for obtaining the full membership by October 1.

Mrs. R. L. Crane, president of Daly City Unit, received a bell gavel for her unit, given by Mrs. Marcia Trier, president of District 26, to the Unit first to "go over the top."

District 26, comprising San Mateo County, obtained the greatest percentage of its quota of any district in the Department of California, having over 50 per cent paid up members October 1, and Mrs. Mary Barton, membership chairman, received a trophy offered by Ethel M. Flynn, department secretary treasurer.

The next membership pickup will take place during national membership week, November 4 to 11.

Each of the other units in the district—South San Francisco, San Bruno, Burlingame, San Mateo, Redwood City and Coastside — are making conserted membership drives and hope to be able to report 100 per cent paid up memberships at the next district meeting, which will be held in San Mateo Legion Hall in November.

District Rehabilitation Chairman Catherine Foreman reported the need of many articles to be made for Livermore Hospital and alloted each unit the number of things to be sewed by them during the year.

Drill Team Chairman Hilda Prizbrowski told of the drill team marching in the parade at the San Mateo County Floral Fiesta and announced that they had received an invitation to participate in the opening of the San Francisco Bay Bridge celebration. Other chairmen who spoke on their individual program were Mrs. Aldena Barbieri, community service; Mrs. Florence Donnelly, Americanism Mrs. Jessie Zant, child welfare; Mrs. Florence Chess, constitution and by-laws; Mrs. Margaret Dimminger, glee club; Mrs. Dee Williams, junior activities, and Mrs. Helen Blunck, publicity.

At the close of the meeting refreshments were served by the hostess unit of Daly City.

Injured In Fall

Louis Plansky of Los Olivos avenue met with a painful accident, Friday morning of last week, when he fell from a ladder while at work, his body striking on a fence.

He was taken to Villa Sanitorium for emergency treatment and was removed to his home on Saturday, where he is now convalescing from a back injury and several bruises.

Dies At Hospital

Many Daly City friends of Arthur Natusch, 56, attended the funeral services at his late residence, 23 El Camino Real, Burlingame, Thursday afternoon of this week, at 2:30 o'clock.

Natusch passed away in a San Mateo hospital Columbus Day. He was a former resident of Daly City and a member of the Daly City Veteran Firemans Association.

Cleanup CALIFORNIA'S LIQUOR SITUATION

VOTE
YES ON 3
FOR LIQUOR LAW ENFORCEMENT

Proposition 3 removes liquor control entirely from State Board of Equalization. Sets up impartial Alcoholic Beverage Commission. Provides adequate local enforcement. Provides mandatory public hearings on demand of local authorities and authorizes commission to deny or revoke licenses if character of applicant or place of business unsatisfactory. Authorizes commission to limit number of licenses in any community.

VOTE
NO ON 9
PREVENT RETURN OF PROHIBITION

Under misleading title of Local Option, Proposition 9 gives City Councils and Boards of Supervisors power to bring back bone dry prohibition overnight WITHOUT A VOTE OF THE PEOPLE. Would inject wet and dry issue into every local election. Would bring back bootleggers and speakeasies. Would cause widespread unemployment and irreparable loss to our $400,000,000 wine and grape industries and $250,000,000 tourist trade.

Also Mesdames H. McDaniels, L. Merlo, L. Martinelli, V. Fontana, G. Fontana, C. Gatliff, V. Remmer and M. Bortis and Miss Leola Branscum.

Indian Reserves Win Over Balboa

Our Indian Reserves won their second victory over the Balboa Sophs by a score of 13-7.

Balboa scored first on a pass in the end zone. They succeeded in making the conversion.

Our boys scored in the second quarter when Bob Maroni fell on the ball in the end zone after Balboa had fumbled a punt on the five yard line. Lee converted for the extra point. The half ended 7-7.

The winning touchdown came in the third quarter when Captain Verducci threw a pass to Lee, who ran the remaining 20 yards to the goal. The conversion failed.

The reserves hope to keep their record clean when they meet George Washington's first string varsity this afternoon.

Pedestrian Injured

W. P. Ramsay of 199 Duboce avenue, San Francisco, spent Columbus Day in the Villa Sanatorium undergoing treatment for cuts and bruises sustained when he was struck down by an automobile while he was crossing the street at Mission and Market street in Colma.

Last Saturday Mr. Kost tripped and fell over a wire at Bay Meadows, sustaining a broken left arm.

SOCIAL SECURITY PROGRAM AID TO MANY THOUSAND

California Citizens Are Now Participating In Every Feature Of Act

(Continued from page 1)

mated 51,000 aged, 4,300 blind and 22,300 dependent children received assistance under these plans at a total cost of $2,070,400. Approximately one-half the cost of this aid to the aged and the blind and one-third the cost of aid to dependent children was paid by the Social Security Board.

Since the state began cooperation with the federal government under the terms of the Social Security Act, a total of $6,964,999 in federal funds has come to California to aid it in providing these benefits. It has received $252,661 for administration of its unemployment compensation system, $6,106,866 for assistance to the needy aged, $205,065 for aid to the needy blind and $400,407 for aid to dependent children in their own homes.

Federal aid has made it possible for California to provide much more adequately for its needy citizens than would be possible out of state and local funds alone.

In addition to these cooperative federal-state features of the Social Security Act, California citizens also come under the federal old age benefit system provided by the act.

American Legion Installs Officers

The American Legion Post of South San Francisco was entertained at an installation of officers meeting, Wednesday of last week, by some pupils of Miss Rose.

Those participating were Alba Canale, Frances Hopkins, Loretta Green, Alice Settrini, Bonnie Jean McHugh, Anna Marie Domecus, Cecelia D'Antonio, June Blecher, Barbara Blecher and Marjorie Shrieber.

After the entertainment refreshments were served.

Jefferson High Team Defeated 12-0

Jefferson lost her second league game of the season last Friday to Burlingame, co-champions of last year's P. A. L., by the score of 12-0.

Although Jefferson was defeated, they showed vast improvement over last week's game with Sequoia, which they lost, 25-0.

Poor kicking on the part of the Jefferson backs was largely responsible for their defeat. On several occasions, when a good kick was necessary, the Jefferson backs failed to deliver. As a result it gave Burlingame fine scoring chances, which they promptly took advantage of.

Burlingame's first touchdown came as a result of a pass and several line plunges that finnally ended in victory. The attempted conversion failed. Burlingame again scored in the fourth quarter on a beautifully executed pass play. They again failed to convert.

Jefferson never threatened to score. Captain George Young, Kendal Van Pelt, George McCune and Bud Simpson played good ball for Jefferson.

Jefferson High Girls Win Praise

Members of Miss J. Young's physical education classes at Jefferson Union High School, who participated in the pageant at the San Mateo Floral Fiesta last week end, have been highly praised for the splendid showing made.

The girls, who appeared as representing asters, were carefully directed and coached by Rosalyn Rosenberg. Miss Rosenberg deserves much credit for the fine appearance of the group as well as for the clever dance which they performed.

Costumes worn by the dancers were made in the sewing classes under the supervision of Miss Mary Jones.

Licenses To Wed

The following marriage licenses were issued in San Francisco this week:

Louis J. Da Valle, 24, 1114A York street, and Celesta Arnando, 19, Daly City; Jonathan Glendening, 21, 440 Bellevue avenue, and Anne Morris, 19, Peculiar Mo.

County P. T. A. Leaders Confer

The President's Council of the Seventeenth District, Congress of Parents and Teachers, held their fall conference, Monday of this week, in the Burlingame library. Mrs. E. I. Miller, president of the district, presided. Mrs. Miller urged the value of goals for each unit and suggested several. Among them, at least seven new members to be obtained by each unit, thus reaching a grand total of more than 4,000 for the Seventeenth District. She also suggested that units include in their budgets for the year the cost of one life membership in the California Congress. The money received from these memberships goes toward the establishment of student aid funds, and at the present time there is a heavy drain on these funds.

The council was exceptionally well attended, with nearly two score presidents or their representatives present.

Relaxation And Sociability Order

Fourteen experienced housewives spent last Monday afternoon with the "Farmer's Wife" at the home of Mrs. W. E. Pitschke, 416 Irvington street, Daly City.

Luncheon was served at 1:30. As the day was unusually warm, the predominating colors of the table service, green and white, presented a refreshing background. The guests enjoyed the favors consisting of gay pot holders in the designs of mittens and of baskets. The rhymes attached to the favors were read by each diner in turn. Every jingle covered the problems of housekeeping, such as feeding of husbands and the families in general. Polish pilaff, apple-shrimp salad, hot wholewheat muffins, pickles, jelly, cake and tea were served by the hostess.

The balance of the afternoon was spent in sewing and visiting on the subject so close to the hearts of all.

There are no dues to pay in this club. It is non-sectarian and non-political and its only objective is sociability and relaxation. Several members were unable to attend. Those on hand were Mesdames Sidney P. White, H. Elmers, Edmund Cavagnaro. Frances Rickmann, Ivy Williamson, John C. Kinsey, June Fletcher, Elaine Hughes, Anne Fried from Oakland, George Augustien, the hostess and Misses N. S. F. Rickmann, Mary Lewis and Charlotte Hughes.

The next meeting will be held at the same home, 416 Irvington street, Monday, November 9. Hostesses will be Mesdames Cavagnaro, Fletcher and Fried.

Housewives wishing to partake of our next hospitality may do so by sending or bringing in a tried and true recipe to the clubs headquarters, as printed on page five.

Another Actress Boosts Roosevelt

Helen Hayes, star of screen, stage and radio announced today that she will support President Roosevelt for re-election. She is living now in Nyack, New York, with her husband, Charles MacArthur, and gave the following statement to the Democratic National Committee headquarters in New York:

"I am for President Roosevelt because he has done so much for the country.

"Any President who has the interests of the average man and woman at heart as President Roosevelt has certainly gets by support.

"In my profession, as in every profession, I saw the suffering during the depression. What President Roosevelt has done to balance human lives is what impresses me."

TWO SECTIONS OF STATE BODY HOLD MEETING

Parents And Teachers Association In Session—Date Of Coming State Convention Is Announced

The committee on government services and their costs, which was appointed by Mrs. B. C. Clark, president of the California Congress of Parents and Teachers, held its organization meeting for the southern division, October 14, and for the northern division, October 15. Mrs. James K. Lytle, first vice president of the California Congress, presided in the south and Mrs. Clark in the north.

The first work undertaken by this committee is the Study of Adult Education. This will be followed by the Study of Kindergartens and Nursery Schools, Teacher Load and Curriculum.

The purpose of the committee is to have the support of education through understanding; to form public opinion as a necessary background to proper legislation, and to obtain full value of the taxpayers' dollar in services for children, and to avoid wastes and unnecessary expenditures.

Mrs. B. C. Clark, president of the California Congress of Parents and Teachers, announces the date for the state convention has been set for the week of May 24, 1937.

How Many?

The question is not so simple as it looks at first. If in doubt, be sure to ask your grocer.

But—there is **no** such question about Shasta Water, for there is **only one** Shasta Water. It comes from Shasta Springs and it is so labeled. Always sparkling, healthful, and refreshing.

To get GENUINE Shasta Water, look for the name on the label.
